NEWS RELEASE

INDEPENDENCE HOLDING COMPANY ANNOUNCES 2021 SECOND-QUARTER AND SIX-MONTH RESULTS

Stamford, Connecticut, August 9, 2021. Independence Holding Company (NYSE: IHC) today reported 2021 second-quarter and six-month results.

Financial Results

Net income attributable to IHC of \$76,471,000 or \$5.22 per share for the three months ended June 30, 2021 compared to \$421,000 or \$.03 per share, diluted, for the three months ended June 30, 2020. Net income attributable to IHC was \$82,092,000 or \$5.61 per share, diluted, for the six months ended June 30, 2021 compared to \$4,699,000 or \$.32 per share, diluted, for the six months ended June 30, 2020.

The Company entered into three transactions this year for the sales of Madison National Life Insurance Company, Inc. ("Madison National Life") to Horace Mann Educators Corporation, Standard Security Life Insurance Company of New York ("Standard Security Life") to Reliance Standard Life Insurance Company and 70% of its pet business, including all of the common stock of Independence American Insurance Company and 85% of the common stock of PetPartners, Inc. ("PetPartners"), to Iguana Capital, Inc. ("Iguana Capital").

The Company completed the sale of PetPartners on June 30, 2021, and results for the three months and six months of 2021 include a gain on the sale of PetPartners of \$62,693,000 net of tax. Also included in income from discontinued operations is certain income from Standard Security Life and Independence American Insurance Company. The results of Madison National Life will be shown as discontinued operations in the third quarter. The gain on the sale of Standard Security Life, Independence American Insurance Company and Madison National Life will be recorded when those transactions receive regulatory approval and are consummated.

Chief Executive Officer's Comments

Roy T. K. Thung, Chief Executive Officer, commented, "We are very pleased with the three transactions we entered into this year, and the consummation of the sales is expected to take most of the focus of the Company for the remainder of 2021. After all the transactions are closed, IHC projects that it will hold approximately \$560 million in cash and investments, net of liabilities; a 30% interest in Iguana Capital carried at \$115 million; and our health insurance agency and other assets with an aggregate carrying value of approximately \$20 million, resulting in an estimated book value of approximately \$47.00 per share which is calculated as if the transactions occurred and were recorded on June 30, 2021. Actual book value per share at June 30, 2021 was \$37.45. These projections are based on information currently known to management and include the use of estimates and assumptions with regards to anticipated transaction costs, estimated tax rates and other potential changes."

Mr. Thung added, "We intend to invest, develop and expand our agency operations into a much larger and profitable operation. As we progress, our agency operations will be centered around INXScloud.com (INSX), our CMS approved Web Broker. INSX provides an agent with the ability to quote, directly enroll and track applications on the Federally Facilitated Marketplace, plus much more. The balance of our agency includes our W-2 Call Centers and our captive independent Advisors unit, both of which sell into the under/over age 65 health insurance markets, as well as our Independence Brokerage Group which recruits independent agents and agencies to sell via our platforms and contracts. We are refocusing a portion of our over 65 division into the under 65 market in order to take advantage of the positioning of INSX, our agency and our lead generation capabilities, and the market growth resulting from the American Rescue Plan Act. Although these operations have been unprofitable, we expect these changes will improve the results and bring us to profitability in the future. In addition, we will also continue to monitor and support our minority interest investment in Iguana Capital."
